

Event Management

1) Login

<http://127.0.0.1:8001/login>

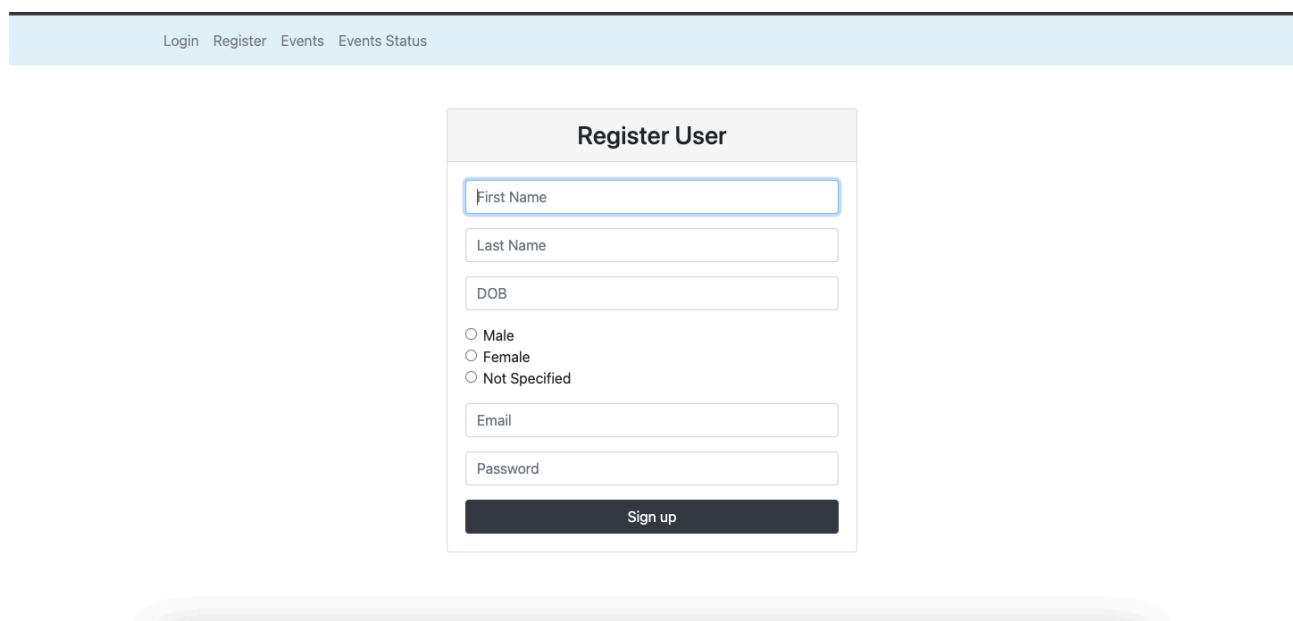

Login : arjun.anandsr@gmail.com / 123456

The screenshot shows a web application interface with a light blue header bar containing the links "Login", "Register", "Events", and "Events Status". The main content area is white and features a centered "Login" form. The form has a title "Login" in a grey header, followed by two input fields: "Email" and "Password". Below these fields is a dark grey button labeled "Signin".

2) Register

<http://127.0.0.1:8001/registration>

The screenshot shows a web application interface with a light blue header bar containing the links "Login", "Register", "Events", and "Events Status". The main content area is white and features a centered "Register User" form. The form has a title "Register User" in a grey header, followed by several input fields: "First Name", "Last Name", "DOB", "Email", and "Password". Below the "DOB" field are three radio button options: "Male", "Female", and "Not Specified". At the bottom of the form is a dark grey button labeled "Sign up".

3) Event List
